School Matinee Series

Mondavi Center is committed to providing the best opportunities for children to experience and participate in the performing arts. Mondavi Center's **Matinee Series** is a cornerstone of our arts education program and an integral part of the mandate to assist with school district curriculum and build young audiences for the performing arts. Through this program, we have taken a leadership role in utilizing the California Visual and Performing Arts Content Standards in our school matinee program materials.

According to the content standards for the visual and performing arts, each California school is encouraged to provide a high-quality experience in all the arts for its students. We can help.

Please join Mondavi Center for a season of culturally enriching curriculum-based school matinees. As always, CueSheets and Curriculum Guides with classroom activities and other curriculum suggestions are provided online. The following is our assessment of the possible curriculum connections:
